

FEATURES:

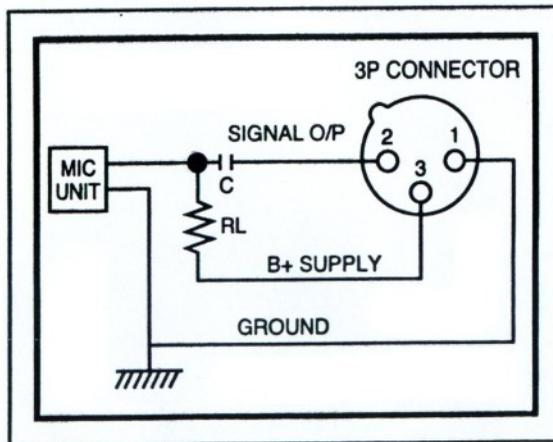

- * Low impedance 1000ohm
- * Styled feature and wide range frequency response
- * Excellent reproduction of voice and music
- * Cardioid pattern can reduce sound feedback
- * Provided with gooseneck and connector.

This microphone is suitable for use in theaters, night clubs, schools, churches, as well as public address, tape recording.

SPECIFICATIOIOS:

Type : Uni-directional Electret
condenser microphone
Frequency Response 50-18K Hz
Impedance 1000ohm
Sensitivity -70dB \pm 3dB at 1K Hz
Power supply DC 1.5 volt.
